	NewAcc-1	Shyba K.	Test New Account technical side	Verify that system doesn't allow to create New Account when Customer ID field is left blank	1. Open http://demo.guru99.com/ps4/ 2. Login as a manager 3. Navigate to "New Account" page	Customer ID = ""	1. Leave "Customer ID" field empty 2. Press Tab to move to the next field	System error: "Customer ID is required"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "Customer ID is required"	Pass	v-3	30.07.2021	System error: "Customer ID is required"	Pass
	NewAcc-2			Verify that system doesn't allow to create New Account if special characters are entered to Customer ID field		Customer ID = "12345"	1. Enter test data to Customer ID field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewAcc-3			Verify that system doesn't allow to create New Account if any characters are entered to Customer ID field		Customer ID = "12345"	1. Enter test data to Customer ID field 2. Press Tab to move to the next field	System error: "Characters are not allowed"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "Characters are not allowed"	Pass	v-3	30.07.2021	System error: "Characters are not allowed"	Pass
	NewAcc-3-1			Verify that system doesn't allow to create New Account if the first character has space in Customer ID field		Customer ID = "12345"	1. Enter test data to Customer ID field 2. Press Tab to move to the next field	System error: "First character can not have space"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "First character can not have space"	Pass	v-3	30.07.2021	System error: "First character can not have space"	Pass
	NewCus-2-4	Shyba K.	Test New Customer technical side	Verify that system doesn't allow to create a new customer when numbers are entered to Customer name field	1. Open http://demo.guru99.com/ps4/ 2. Login as a manager 3. Navigate to "New Account" page	Customer name = "test1"	1. Enter test data to Customer name field 2. Press Tab to move to the next field	System error: "Numbers are not allowed"	v-1	19.07.2021	System error: "Numbers are not allowed"	Pass	v-2	29.07.2021	System error: "Numbers are not allowed"	Pass	v-3	30.07.2021	System error: "Numbers are not allowed"	Pass
	NewCus-2-5			Verify that system doesn't allow to create a new customer when special characters are entered to Customer name field		Customer name = "test1"	1. Enter test data to Customer name field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	System error: "Special characters are not allowed"	Pass	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewCus-2-6			Verify that system doesn't allow to create a new customer when Customer name field is left blank		Customer name = ""	1. Leave Customer name field blank 2. Press Tab to move to the next field	System error: "Customer name must not be blank"	v-1	19.07.2021	System error: "Customer name must not be blank"	Pass	v-2	29.07.2021	System error: "Customer name must not be blank"	Pass	v-3	30.07.2021	System error: "Customer name must not be blank"	Pass
	NewCus-2-7			Verify that system doesn't allow to create New Customer if the first character has space in Customer name field		Customer name = "12345"	1. Enter test data to Customer ID field 2. Press Tab to move to the next field	System error: "First character cannot have space"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "First character cannot have space"	Pass	v-3	30.07.2021	System error: "First character cannot have space"	Pass
	NewCus-2-8			Verify that system doesn't allow to create New Customer when Address field is left blank		Address = ""	1. Leave Address field blank 2. Press Tab to move to the next field	System error: "Address field must not be blank"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "Address field must not be blank"	Pass	v-3	30.07.2021	System error: "Address field must not be blank"	Pass
	NewCus-2-9			Verify that system doesn't allow to create New Customer when first character has space in Address field		Address = " Brighton Beach"	1. Enter test data to Address field 2. Press Tab to move to the next field	System error: "First character cannot have space"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "First character cannot have space"	Pass	v-3	30.07.2021	System error: "First character cannot have space"	Pass
	NewCus-2-10			Verify that system doesn't allow to create New Customer when special characters are entered to Address field		Address = "Brighton Beach"	1. Enter test data to Address field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	No system error message	Fail	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewCus-2-11			Verify that system doesn't allow to create New Customer when special characters are entered to City field		City = "New YH"	1. Enter test data to City field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	System error: "Special characters are not allowed"	Pass	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewCus-2-12			Verify that system doesn't allow to create New Customer when City field is left blank		City = ""	1. Leave City field blank 2. Press Tab to move to the next field	System error: "City field must not be blank"	v-1	19.07.2021	System error: "City field must not be blank"	Pass	v-2	29.07.2021	System error: "City field must not be blank"	Pass	v-3	30.07.2021	System error: "City field must not be blank"	Pass
	NewCus-2-13			Verify that system doesn't allow to create New Customer when numbers are entered to City field		City = "New YH6"	1. Enter test data to City field 2. Press Tab to move to the next field	System error: "Numbers are not allowed"	v-1	19.07.2021	System error: "Numbers are not allowed"	Pass	v-2	29.07.2021	System error: "Numbers are not allowed"	Pass	v-3	30.07.2021	System error: "Numbers are not allowed"	Pass
	NewCus-2-14			Verify that system doesn't allow to create New Customer if the first character has space in City field		City = "New York"	1. Enter test data to City field 2. Press Tab to move to the next field	System error: "First character can not have space"	v-1	19.07.2021	System error: "Numbers are not allowed"	Fail	v-2	29.07.2021	System error: "First character can not have space"	Pass	v-3	30.07.2021	System error: "First character can not have space"	Pass
	NewCus-2-15			Verify that system doesn't allow to create New Customer when numbers are entered to State field		State = "US3"	1. Enter test data to State field 2. Press Tab to move to the next field	System error: "State cannot have no numbers"	v-1	19.07.2021	System error: "Numbers are not allowed"	Pass	v-2	29.07.2021	System error: "Numbers are not allowed"	Pass	v-3	30.07.2021	System error: "Numbers are not allowed"	Pass
	NewCus-2-16			Verify that system doesn't allow to create New Customer when State field is left blank		State = ""	1. Leave State field blank 2. Press Tab to move to the next field	System error: "State must not be blank"	v-1	19.07.2021	System error: "State must not be blank"	Pass	v-2	29.07.2021	System error: "State must not be blank"	Pass	v-3	30.07.2021	System error: "State must not be blank"	Pass
	NewCus-2-17			Verify that system doesn't allow to create New Customer when special characters are entered to State field		State = "US3"	1. Enter test data to State field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	System error: "Special characters are not allowed"	Pass	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewCus-2-17-1	Shyba K.	Test New Customer technical side	Verify that system doesn't allow to create New Customer when first character in State field is space	1. Open http://demo.guru99.com/ps4/ 2. Login as a manager 3. Navigate to "New Customer" page	State = " US4"	1. Enter test data to State field 2. Press Tab to move to the next field	System error: "First character can not have space"	v-1	19.07.2021	System error: "First character can not have space"	Fail	v-2	29.07.2021	System error: "First character can not have space"	Pass	v-3	30.07.2021	System error: "First character can not have space"	Pass
	NewCus-2-18			Verify that system doesn't allow to create New Customer when characters are entered to PIN field		PIN = "123456"	1. Enter test data to PIN field 2. Press Tab to move to the next field	System error: "Characters are not allowed"	v-1	19.07.2021	System error: "Characters are not allowed"	Pass	v-2	29.07.2021	System error: "Characters are not allowed"	Pass	v-3	30.07.2021	System error: "Characters are not allowed"	Pass
	NewCus-2-19			Verify that system doesn't allow to create New Customer when PIN field is left blank		PIN = ""	1. Leave PIN field blank 2. Press Tab to move to the next field	System error: "PIN Code must not be blank"	v-1	19.07.2021	System error: "PIN Code must not be blank"	Pass	v-2	29.07.2021	System error: "PIN Code must not be blank"	Pass	v-3	30.07.2021	System error: "PIN Code must not be blank"	Pass
	NewCus-2-20			Verify that system doesn't allow to create New Customer when special characters are entered to PIN field		PIN = "123456"	1. Enter test data to PIN field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	System error: "Special characters are not allowed"	Pass	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass
	NewCus-2-21-A	Verify that system doesn't allow to create New Customer when 4 digits are entered to PIN field	PIN = "123456"	1. Fill in other fields with valid data 2. Enter test data to PIN field 3. Push "Submit" button	No system error message	PIN = "123456"	2. Enter test data to PIN field	No system error message	v-1	19.07.2021	No system error message	Pass	v-2	29.07.2021	No system error message	Pass	v-3	30.07.2021	No system error message	Pass
	NewCus-2-21-B	Verify that system doesn't allow to create New Customer when more than 6 digits are entered to PIN field	PIN = "12345656"	1. Enter test data to PIN field 2. Press Tab to move to the next field			You cannot submit more than 6 digits	v-1	19.07.2021	You cannot submit more than 6 digits	Pass	v-2	29.07.2021	You cannot submit more than 6 digits	Pass	v-3	30.07.2021	You cannot submit more than 6 digits	Pass	
	NewCus-2-21-C	Verify that system doesn't allow to create New Customer when less than 6 digits are entered to PIN field	PIN = ""12345"	1. Enter test data to PIN field 2. Press Tab to move to the next field	System error: "PIN Code must have 6 Digits"	v-1	19.07.2021	System error: "PIN Code must have 6 Digits"	Pass	v-2	29.07.2021	System error: "PIN Code must have 6 Digits"	Pass	v-3	30.07.2021	System error: "PIN Code must have 6 Digits"	Pass			
	NewCus-2-22	Verify that system doesn't allow to create New Customer if the first character has space in PIN field	PIN = ""12345"	1. Enter test data to PIN field 2. Press Tab to move to the next field	System error: "PIN Code cannot have space as the first character"	v-1	19.07.2021	System error: "PIN Code must have 6 Digits"	Fail	v-2	29.07.2021	System error: "First character can not have space"	Pass	v-3	30.07.2021	System error: "First character can not have space"	Pass			
	NewCus-2-23	Verify that system doesn't allow to create New Customer when Mobile Number field is left blank	Mobile number = ""	1. Leave Mobile number field empty 2. Press Tab to move to the next field	System error: "Mobile no must not be blank"	v-1	19.07.2021	System error: "Telephone no must not be blank"	Pass	v-2	29.07.2021	System error: "Mobile no must not be blank"	Pass	v-3	30.07.2021	System error: "Mobile no must not be blank"	Pass			
	NewCus-2-24	Verify that system doesn't allow to create New Customer when special characters are entered to Mobile Number field	Mobile number = "9876543210"	1. Enter test data to Mobile number field 2. Press Tab to move to the next field	System error: "Special characters are not allowed"	v-1	19.07.2021	System error: "Special characters are not allowed"	Pass	v-2	29.07.2021	System error: "Special characters are not allowed"	Pass	v-3	30.07.2021	System error: "Special characters are not allowed"	Pass			
	NewCus-2-25	Verify that system doesn't allow to create New Customer when characters are entered to Mobile Number field	Mobile number = "9876543210"	1. Enter test data to Mobile number field 2.
